

Living a Magical Life with Patti Negri “The Good Witch”

Workshop Part One: What is Witchcraft & Paganism?

Saturday, November 19th from 11am-1pm

Exchange: \$30 in adv/ \$35 at the door

This workshop will include the basic similarities and differences of the various popular paths and how you can use these ideas and techniques in your own life and spiritual practices. What is a witch? What is a pagan? What is shamanism? We will include the basics of doing and creating rituals, the main pagan holidays and sabots, working with the elements and moon cycles and magical creation. Folk magic, Faery magic, wicca, British traditional, chaos, ceremonial, green, root worker, eclectic, solitary, secular, hedge, Celtic, Christian, are only a few of the paths and magical styles out there. You can choose to identify yourself as a particular type or no type at all – or identify with as many as you like. Personally, I throw many into a big cauldron and pick and choose my practice by my needs of the moment. This is one of the many pluses to witchcraft and Pagan basic belief system that you may follow a particular tradition or follow your own inspiration. Paganism is not dogmatic. Pagans pursue their own vision of the Divine as a direct and personal experience.

Workshop Part Two: Spell Crafting & Basic Elemental Earth Magic

Saturday, November 19th from 1-3pm

Exchange: \$30 in adv/\$35 at the door

I believe that magic is all around us. I do not believe that you have to be a witch or a psychic to do spell work and create real change. But, there are definitely some rules and guidelines you need to follow. The power that makes a spell successful is not to be found in a book. The real power that makes a spell work dwells within you and the energy around you. When you understand the true nature of the energy you work with, you can make real magic. I have been practicing natural magic my entire life. My specialty is in adjusting energy and flow – in people, spaces, situations, most anything. I work organically by creating spells and rituals that arrange natural elements to the rhythms and cycles of the universe. This can bring about healing, change our lives for the better, and create balance. I work heavily with mother earth’s natural elements, using oils, herbs, sounds and stones in my workings. This in no way clashes with spiritual or religious beliefs because magic acknowledges a supreme force of goodness and light. In this workshop I will go over the basics of spell casting, give you the tools and information to create your own spell, and we will do a fun and effective “practice spell” together.

Group Ritual with Patti Negri
Saturday, November 29th from 3-4pm
Exchange: \$20 or \$10 if you attend other workshops

The waning moon is a time of cleansing, clearing, shedding old patterns, bad habits and releasing things in our lives that we no longer want. During the Waning Moon the Mother Goddess is transformed into the Crone. This aspect of the Goddess is winter, night, wisdom, counsel, the gateway to death and reincarnation. We will use this magical time of year and moon cycle to do a ritual where each of us can let go of what we no longer wish to carry with us in our lives in a beautiful group ceremony. From 3pm-4pm \$10 if attended Patti's Workshops / \$20 if not

Saturday Night Séance with Patti Negri
From 6-8pm
Exchange: \$30 in adv/\$35 at the door

Patti has been able to communicate with the spirit world since she was a toddler and consciously since she conducted her first séance at the age of eight. Since then she has conducted séances on radio, film, TV and in living rooms across America. She cannot guarantee a spirit encounter.... but strange, beautiful and magical manifestations most always occur – and everyone attending will have an opportunity to communicate with a loved one if so desired. Always uplifting, Patti only works in the light and is very careful to call in and work with only positive, friendly, helpful spirits and (just in case) is very well versed in “psychic protection” methods for all of her workings.
