

Timitha Bryan

Timitha is a psychic and medium based in Dallas, Texas. She appears on radio, television and makes many public appearances. She connects people with their deceased loved ones in the US. and in other parts of the world. She has a Bachelor of Applied Arts and Sciences from the University of North Texas and while living abroad attended the University of Madrid in Spain.

Mediumship is one form in which Timitha expresses her soul's inner light and gifts. She helps people communicate, receive validation and closure. She sees descriptive images, visions, scenes, and hears conversations well enough to give people clear messages. Timitha connects people with their loved ones who were taken suddenly, as in a tragic accident, where the last words spoken or conflicts left friends and family behind in pain and suffering.

Timitha has clairvoyance (clear seeing), clairaudience (clear hearing), and clairsentience (clear feeling). Timitha encourages people to develop their intuition and higher consciousness. Her out- of- body (OBE) and near-death experience (NDE) changed her life and are the reason for much of her psychic, healing and intuitive work today.

In a session with Timitha, a client may expect a reading to unfold naturally and soulfully. Every client's reading is unique and special in its own way. As a reading takes shape, it may focus on specific areas of the client's life. These areas may reference the past, present or future and pertain to certain events, spiritual growth, or channeled guidance from angels, and spirit guides. A client may also have a spiritual experience, though there are no guarantees. During a session, please sit back and relax and receive the healing energies or messages coming through. A client may take notes or record his or her reading via cel phone and bring questions. All psychic messages are important, therefore, clients are asked to keep an open mind!
